Hi Melek,

It appears that you have no added path with your MySQL installation and that your application does find the MySQL lib (mysql.lib.a for MingW If my memory is still ok)

Could you post a screen copy of your Thelde showing you configuration ?

Regards

Biobytes

if you're facing the same issue I was..

check this:

<http://www.ultimatepp.org/forums/index.php?t=msg&th=9875>
