

U++ - Bug #1041

TheIDE - "Failed to start application" dialog should escape ide debugging mode

04/11/2015 09:08 PM - Zbigniew Rebacz

Status:	Approved	Start date:	04/11/2015
Priority:	Normal	Due date:	
Assignee:	Miroslav Fidler	% Done:	0%
Category:	IDE	Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
If dialog "Failed to start application" occurs it should close ide debugger interface.			
P.S. Quite annoying ;)			

History

#1 - 04/11/2015 09:49 PM - Zbigniew Rebacz

- File *GdbMI2Fix.diff* added

It seems that it is Gdb_MI2 related problem. The solution is relatively easy:

```
if(!started)
{
    Exclamation(t_("Failed to start application"));
    IdeEndDebug(); // <- Add this, to prevent
    return;
}
```

Official patch, without comment is in diff form.

#2 - 04/11/2015 09:51 PM - Zbigniew Rebacz

- Status changed from New to Patch ready

#3 - 04/12/2015 01:03 PM - Zbigniew Rebacz

It seems I missed some information. First of all is file information (ide/Debuggers - Gdb_MI2.cpp - line 141). And of course comment isn't completed in my last post:

```
if(!started)
{
    Exclamation(t_("Failed to start application"));
    IdeEndDebug(); // <- Closed all debug panes.
    return;
}
```

#4 - 04/30/2015 04:01 PM - Miroslav Fidler

- Status changed from Patch ready to Approved
