

U++ - Bug #1077

cpp: scanning hell

05/16/2015 04:39 PM - Zbigniew Rebacz

Status:	Approved	Start date:	05/16/2015
Priority:	Normal	Due date:	
Assignee:	Zbigniew Rebacz	% Done:	0%
Category:	IDE	Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
<p>I used new cpp navigator, but I have problem with performance (it slows the workflow):</p> <ul style="list-style-type: none">- After quitting enviroment settings the code is fully resan.- After adding new file to project! (Full scanning) <p>P.S.</p> <p>I cannot do anything while scanning. Of, course the best thing is to do scanning in separate thread/process which will not block TheIDE.</p>			

History

#1 - 05/17/2015 02:48 PM - Miroslav Fidler

Yes, I was now quite happy about it too. Still working on it, I hope that optimizations done this weekend should mostly resolve the issue.

#2 - 05/17/2015 02:48 PM - Miroslav Fidler

- Status changed from New to Ready for QA
- Assignee changed from Miroslav Fidler to Zbigniew Rebacz

#3 - 06/14/2015 10:50 PM - Zbigniew Rebacz

- Status changed from Ready for QA to Approved

OK.
