U++ - Feature #1168
ide: BLITZ - improve one hour heuristics

07/06/2015 09:40 AM - Miroslav Fidler

Status:	Approved		**Start date:**	07/06/2015
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:			**Estimated time:**	0.00 hour
Target version:			**Spent time:**	0.00 hour

Description

- after svn checkout, BLITZ is not active... Perhaps we could do something like checking for minimal source tree time, then activate blitz for anything withing 3-5 minutes...

History

#1 - 07/06/2015 12:40 PM - Zbigniew Rebacz

I have similar problem while developing Android builder. I need to remove "blitzbase" file in ide configuration dir.
