U++ - Bug #119
There is no <METAPACKAGE> for TheIDE package names

10/11/2011 01:09 PM - Sender Ghost

Status:	Approved	**Start date:**	10/11/2011	
Priority:	Normal	**Due date:**		
Assignee:	Miroslav Fidler	**% Done:**	100%	
Category:	IDE	**Estimated time:**	0.00 hour	
Target version:		**Spent time:**	0.00 hour	

Description

While searching for documentation templates issue, I found that "<METAPACKAGE>" word used for WorkspaceWork::SavePackage() method.

I think, it was METAPACKAGE meaning first.

History
