Description			
It seems that i cannot scroll view. Moreover it seems that the font is a little too big (it is probably related to UHD).

The possible solution, but it would be nice if FontInfo problem will be resolve (ide/Template.cpp - line 101):

```
void AppPreview::Layout()
{
    FontInfo fi = CourierZ(12).Info();

    sb.SetTotal(line.GetCount());
    sb.SetPage(GetSize().cy / fi.GetHeight());
}
```
