Description			
<p>For current version installation on Android emulator is not possible. Here is output from "jarsigner -verify AndroidMath.apk":</p> <pre>jar verified.</pre> <p>Warning: This jar contains entries whose certificate chain is not validated. This jar contains signatures that does not include a timestamp. Without a timestamp, users may not be able to validate this jar after the signer certificate's expiration date (2289-12-13) or after any future revocation date.</p> <p>Re-run with the -verbose and -certs options for more details.</p>
