

## U++ - Task #1437

### Fix documentation links

05/01/2016 12:04 PM - Zbigniew Rebacz

<b>Status:</b>	New	<b>Start date:</b>	05/01/2016
<b>Priority:</b>	High	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	Documentation	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>		<b>Spent time:</b>	0.00 hour

#### Description

We need to improve our documentation fast. Almost all links doesn't work (In TheIDE help - on website the ratio is better). In the topic editor hyperlink instead of simply "Point" should be "topic://Core/src/Point\$en-us".

Why website handle several links? It is because if "Point" refers to current package like "Core" it finds it. But if the Point will be included in Draw documentation we will receive dead link.

#### History

#1 - 12/26/2016 03:42 PM - Zbigniew Rebacz

- Target version deleted (Release 2017.1)

Still some problems - but not too much right now - the website is cleaner than ever before.
