

U++ - Bug #1594

Can't compile U++ on most Linux distributions

01/01/2017 03:30 PM - Zbigniew Rebacz

Status:	Approved	Start date:	01/01/2017
Priority:	Urgent	Due date:	
Assignee:	Zbigniew Rebacz	% Done:	0%
Category:	Core	Estimated time:	0.00 hour
Target version:	Release 2017.1	Spent time:	0.00 hour
Description			
http://www.ultimatepp.org/forums/index.php?t=msg&#38;goto=47240&#38;#msg_47240			
We should target as much distribution as we can - especially that this is compilation problem - so we can fix it easily.			

History

#1 - 01/20/2017 09:18 PM - Amrein-Marie Christophe

[DONE] - Target almost all POSIX distributions in domake, doinstall and Makefiles (complete rewrite)

[DONE] - Add all compilation steps and tricks to web documentation and snapshots documentation

This issue can be closed now.

#2 - 01/20/2017 09:47 PM - Zbigniew Rebacz

- Status changed from New to Approved

- Assignee changed from Miroslav Fidler to Zbigniew Rebacz

OK - Approved for the next time - please remember to address this readmine to me "Assignee" field and change status to "Ready for QA."

Thanks for the commitment!

#3 - 01/20/2017 10:04 PM - Amrein-Marie Christophe

I guess, if I was the author of the bug report, I would be able to do what you said.

Assignee and status fields are read only for me.

I keep your advice in mind for my own bug reports.

#4 - 01/20/2017 10:08 PM - Zbigniew Rebacz

I don't see you in Assignee field also. I will check tomorrow if everything is correct. Then I will let you know what should we do about this issue.
