

U++ - Feature #1616

RichText should support content feature

01/20/2017 10:37 PM - Zbigniew Rebacz

Status:	Approved	Start date:	01/20/2017
Priority:	High	Due date:	
Assignee:	Zbigniew Rebacz	% Done:	0%
Category:	RichText	Estimated time:	0.00 hour
Target version:	Release 2017.2	Spent time:	0.00 hour

Description

Currently, we have problem in our documentation that we have too long pages and navigation is hard. For example on one page I have got 30 tutorials I need to scroll to find the one I am interested in. The solution for that problem is to implement "Table of Contents" feature for RichText and RichEdit.

Example of tables of contents:

Contents

- 1 Getting Started with IRC
- 2 Community/Support
- 3 Communities by Country
- 4 Communities around a distribution
- 5 Applications

Acceptance criteria:

- In browser user should be able to jump to title that she/he is interested.

History

#1 - 01/20/2017 11:10 PM - Zbigniew Rebacz

- Description updated

#3 - 07/22/2017 09:54 PM - Zbigniew Rebacz

- Status changed from New to Approved

- Assignee changed from Miroslav Fidler to Zbigniew Rebacz

Finally, we manage to bring the feature to the website. I am glad it works fine. For me we can close this ticket.
