U++ - Bug #1662
ide: Fix issues with search / replace

03/21/2017 02:58 PM - Miroslav Fidler

Status:	Approved		Start date:	03/21/2017
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:			**Estimated time:**	0.00 hour
Target version:			**Spent time:**	0.00 hour

Description

- When doing Replace in block, "ALL" button is visible and placed in the middle of "search" field.

- Selection of text in Find in files (or Find all list) is broken/misplaced after text is edited.
