U++ - Bug #1849
Copy of the same file is blank when opening it from editor mode

Target version:	Release 2019.1	Spent time:	0.00 hour

Description

Steps to reproduce (Windows):

1. Create text file with content.

2. Copy that file to the same directory.

3. The new file should be created

4. Open that file with TheIDE (Editor mode - "Open with.." Windows mode).

Result: The content of the file is empty. Other editors like Notpad++ works in this case, so it must be bug in the U++.

Workaround: Open it one more time from another Explore session.

Category: IDE/Core (Will require more investigation to decide).
