

```
[ {{ [# Justify]: [< Left ]: [= Center ]: [> Right]}}&
[> $$0,0#00000000000000000000000000000000:Default]
```

There is also another simplified test case:

```
[-= $$0,0#00000000000000000000000000000000:Default]
[ {{ [ Text]: [# Justify]: [< Left]: [= Center]: [> Right]}}&
[-*> $$0,0#00000000000000000000000000000000:Default]&
[ {{ [ Text]: [# Justify]: [< Left]: [= Center]: [> Right]}}
```

Seems, this is due to merging of styles after [target.SetStyle\(id, style\)](#); for Default style.
