| <b>Description</b>                                                                                                                                                                                                                                                                                                                      |                 |                        |            |
| <p>a probleme occure when CParser::NoSkipComments() is called before term initialisation.</p> <p>here a test case:</p> <pre>void TestCParser() {<br/>    String tpl = " same text ";<br/>    CParser p;<br/>    p.NoSkipComments();<br/>    p.Set(tpl);<br/>}</pre> <p>NoSkipComments() calls SkipComment(false). IMO it shouldn't.</p> |                 |                        |            |

### History

#### #1 - 03/26/2018 07:22 PM - Abdelghani Omari

- Target version set to Release 2018.1

#### #2 - 03/29/2018 06:52 PM - Abdelghani Omari

- Description updated

#### #3 - 04/03/2018 10:01 PM - Zbigniew Rebacz

- Target version changed from Release 2018.1 to Release 2019.1

#### #4 - 04/23/2018 07:46 PM - Abdelghani Omari

- Status changed from New to Approved
