

U++ - Bug #1949

WriteClipboardHTML : the posix version is messing

04/14/2019 02:15 PM - Abdelghani Omari

Status:	Approved	Start date:	04/14/2019
Priority:	Normal	Due date:	
Assignee:	Miroslav Fidler	% Done:	0%
Category:	CtrlCore	Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
the current version (CtrlCore/CtrlClip.cpp, line 299) is Windows only.			
<pre>#ifdef PLATFORM_POSIX void WriteClipboardHTML(const String& html) { WriteClipboard("text/html", html); } #else the current version #endif</pre>
