<b>Description</b>			
I just created a little change to our first view "Select Main Package". I added "?" symbol. It opens "https://www.ultimatepp.org/app\$ide\$PackagesAssembliesAndNests\$en-us.html" site on click.

I do not see any related commit... If this is just suggestion, I like it and can implement myself...

##### #2 - 09/23/2020 11:44 AM - Zbigniew Rebacz

Yes, this is a suggestion only, so the screenshot should be treated as ui mock up not implementation :)

##### #3 - 09/23/2020 12:21 PM - Miroslav Fidler

- Status changed from Ready for CR to New

Well, you got me confused with Ready for CR... :)

##### #4 - 09/24/2020 10:02 AM - Miroslav Fidler

- Status changed from New to Ready for QA

- Assignee changed from Miroslav Fidler to Zbigniew Rebacz

Now the only problem is that the document really sucks... even contains some factually incorrect info.

##### #5 - 09/24/2020 09:29 PM - Zbigniew Rebacz

- Status changed from Ready for QA to Approved
