

U++ - Bug #232

-I compiler option is not honoured by file options in package manager

01/13/2012 04:29 PM - Massimo Del Fedele

Status:	Approved	Start date:	01/13/2012
Priority:	Immediate	Due date:	
Assignee:	Massimo Del Fedele	% Done:	100%
Category:	IDE	Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
Simply insert a FILE options like this in package manager :			
-ISOMETHING			
Enable verbose mode and compile the file; the option don't appears in compiler command line.

History

#1 - 01/13/2012 08:00 PM - Massimo Del Fedele

For GCC, in GCCBuilder.cpp, line 197, from

```
exec << GetHostPathQ(fn) << " -o " << GetHostPathQ(objfile);  
to  
exec << GetHostPathQ(fn) << " " << soptions[i] << " -o " << GetHostPathQ(objfile);
```

For MSC the problem is different, the options are there but a space is missing; so, line 317, from

```
+ soptions[i] + (ext ".c" ? " -Tc " : " -Tp ")  
to  
+ " " + soptions[i] + (ext ".c" ? " -Tc " : " -Tp ")
```
