Description			
<p>See the last post from Alendar:</p> <p>http://www.ultimatepp.org/forum/index.php?t=msg&#38;goto=40773&#38;#msg_40773</p> <p>Now RichEdit text zooms when changing layout. However this is not always wanted, as many times (like in Word), text zoom only changes by a zoom button or by Ctrl-Mouse wheel.</p>

Hello Mirek

It would be great to add zoom control with mouse wheel.
