

U++ - Bug #520

Error in plugin/png when doing SVN update

09/16/2013 07:33 PM - Iñaki Zabala

Status:	Rejected	Start date:	09/16/2013
Priority:	Normal	Due date:	
Assignee:	Iñaki Zabala	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
When doing SVN update od uppsrc this error is got:			
Command: Update			
Updating: C:\Upp\uppsrc\plugin			
Skipped, remains conflicted: C:\Upp\uppsrc\plugin\png			
Completed: At revision: 6361			
Warning!: One or more files are in a conflicted state.			
I have deleted uppsrc\plugin and repeated the update, but the error appears again.			

History

#1 - 09/19/2013 07:59 PM - Miroslav Fidler

- Assignee set to Iñaki Zabala

Weird, I have no such problems in my working copies -> I would say the problem is with your working copy (not repository).

Have you tried complete checkout?

Mirek

#2 - 10/02/2013 08:15 AM - Iñaki Zabala

Hello Mirek

I deleted the png folder and downloaded it again with checkout. I will do a complete checkout.

#3 - 10/06/2013 06:15 PM - Miroslav Fidler

- Status changed from New to Rejected

#4 - 10/07/2013 04:44 PM - Iñaki Zabala

- % Done changed from 0 to 100

Ok, confirmed. It was a strange svn problem.
