

U++ - Feature #528

To set public GetWndScreenRect()

09/30/2013 09:00 AM - Iñaki Zabala

Status:	Rejected	Start date:	09/30/2013
Priority:	Normal	Due date:	
Assignee:	Iñaki Zabala	% Done:	0%
Category:	CtrlCore	Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
Now GetWndScreenRect() is private.			
However that is the only function to get the window rectangle with the frame included.			

History

#1 - 10/07/2013 09:50 AM - Miroslav Fidler

- Assignee changed from Miroslav Fidler to Iñaki Zabala

Problem is that it is not implemented in X11... (and it is not trivial to do so; there are some extensions to X11 that enable that, unfortunately they do not work consistently with all windows managers...)

#2 - 10/07/2013 04:49 PM - Iñaki Zabala

- Status changed from New to Rejected

Well, it is not a priority. We do not need it.
