In the first place we should fix existing bugs (Error handling, reusability problem. standarized Xml/Json view code infrastructure etc.). I enclosed appropriate patch. We probably still need all above points :(...

#3 - 02/23/2015 07:46 PM - Zbigniew Rebacz

- *Priority changed from Normal to High*

Mirek, can you look at this patch? It is old and forgotten one.

IMO, XML/Json view needs enchantments. This is quick fix before release.

#4 - 02/28/2015 08:14 PM - Miroslav Fidler

- *Assignee changed from Miroslav Fidler to Zbigniew Rebacz*

Sources got too out-of-sync, unable to apply the patch.

Would it be possible to send me two files instead of patch?

#5 - 02/28/2015 08:47 PM - Zbigniew Rebacz

I will try to resolve conflicts. Currently, I have not this files :(

#6 - 03/01/2015 12:09 AM - Zbigniew Rebacz

- File Json.cpp added

OK, I have that files:

This is what I do:

```
svn up -r 7590
svn patch XmlJson.diff
```

No conflicts.
