

U++ - Bug #607

MinGW problem with parser.cpp, CParser::ReadDouble()

12/13/2013 01:07 PM - Iñaki Zabala

Status:	Approved	Start date:	12/13/2013
Priority:	Normal	Due date:

Target version:		Spent time:	0.00 hour
Description			
Now it is not possible to compile with MinGW due to a simple problem in parse.cpp function CParser::ReadDouble(). Just adding this before the function solves it: <pre>#if defined(COMPILER_MINGW) __CRTIMP unsigned int __cdecl __MINGW_NOTHROW _clearfp (void); #define SW_OVERFLOW 0x00000004 #endif</pre>
