<b>Description</b>			
<p>I think, we should improve several RichEdit icons by using smoothen filter.</p> <p>Moreover I redesigned "SpellCheck" icon to more modern appearance.</p> <p>P.S</p> <p>I used two base values (0.6 &amp; 0.75) for smoothen algorithm. For some icons I made a manual correction, because smoothen filter does not work well in every situation.</p>
