

U++ - Bug #621

RichTextView dosen't show copy icon in menubar

12/29/2013 02:07 PM - Zbigniew Rebacz

Status:	Approved	Start date:	12/29/2013
Priority:	Low	Due date:	
Assignee:	Miroslav Fidler	% Done:	0%
Category:	CtrlLib	Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
It seems that Rich TextView menu bar is created in a wrong way...			
Should be(CtrlLib/RichTextView.cpp - line 111):			
<pre>void RichTextView::RightDown(Point p, dword keyflags){ MenuBar b; b.Add(t_("Copy"), CtrlImg::copy(), THISBACK).Key(K_CTRL_C); b.Execute(); }</pre>			

History

#1 - 12/29/2013 02:12 PM - Zbigniew Rebacz

Preformatted code:

```
void RichTextView::RightDown(Point p, dword keyflags)
{
    MenuBar b;
    b.Add(t_("Copy"), CtrlImg::copy(), THISBACK(Copy)).Key(K_CTRL_C);
    b.Execute();
}
```

- adding "code class="cpp"" after pre makes cpp highlight trick in redmine.

#2 - 12/29/2013 02:16 PM - Zbigniew Rebacz

- File deleted (RichTextView.cpp)

#3 - 12/29/2013 02:17 PM - Zbigniew Rebacz

- File RichTextView.cpp added

We can also add additional operation locking code:

```
b.Add(t_("Copy"), CtrlImg::copy(), THISBACK(Copy)).Key(K_CTRL_C).Enable(cursor != anchor);
```

#4 - 12/31/2013 04:55 PM - Zbigniew Rebacz

- Status changed from New to Patch ready

#5 - 01/06/2014 04:24 PM - Miroslav Fidler

- Status changed from Patch ready to Approved
