

U++ - Bug #689

Ctrl::Create should invoke "RefreshLayoutDeep" method (GTK backend)

02/13/2014 05:11 PM - Zbigniew Rebacz

Status:	Approved	Start date:	02/13/2014
Priority:	High	Due date:	
Assignee:	Miroslav Fidler	% Done:	0%
Category:	CtrlCore	Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
<p>It seems that GTK backend author forgot to add "RefreshLayoutDeep()" invocation at the end of Ctrl::Create method. All other backends do this (Win32, X11).</p> <p>This invocation is very important, because it can prevent us from some graphical artifacts like invisible menu bar on KDE.</p>
