Target version:		Spent time:	0.00 hour
Description			
<p>In a function body of GetInstertedId() it is supposed that the field name of primary key will always have the name id. But in a case when it not so, becomes difficult an audible error.</p> <p>Forum link, where I describe solution: http://www.ultimatepp.org/forums/index.php?t=msg&#38;th=9069</p>

Hello Sergey one more time :),

If you found appropriate solution please set status to "Patch ready" and assign it to Mirek.

Sincerely,

Klugier
