Description

It would be nice if numbers with "e" highlights as regular float/double.

Example:
    double x = 5e2;
    double y = 5e-2;

P.S.
It seems that even redmine cpp highlighter has problem with this kind of numbers :)

It should also works for int's
    int milion = 1e6;
    int thousand = 1e4;

#3 - 10/20/2014 02:19 PM - Zbigniew Rebacz

It sseems that it is bug, beacuse only following statement is not highlighted:

    int x = 5.2434e100;
