<b>U++</b> Check and apply TreeCtrl improvement Report scrolling with Painter content - scroll (...) XML: support different encodings Sqlite3 character encoding svn log filter to do almost automatic announcement (...) TheIDE: create 'import by #include' function TheIDE could highlight matching if/else improve color Standard conversions RGB <-> (...) Implement proper system shutdown sequence (...) In linux, fix irregular scrollbar themes (...) Check dotted flags behaviour scalar Date conversion optimization Sqlite3: foreign keys issue SqlSchema: common way to define primary key (...) Resolve issue with sprintf in Format Topic++ - consider selector of language (and (...) Problem with Forum Update PAD XML Add reference example for ArrayCtrl columns (...) Support for Cygwin Support windows manifest file, common builder (...) Use shared bz2, jpeg, tiff in linux Consider SqlExp: create view as (as we already (...) MSSQL procedure call output parameters Optimize HashBase, consider making it public Breakpoints in templates Better error handling for JSON/XML	<b>U++</b>																							

Check Skylark custom build steps (EXEDIR (...))  
Add lockless support to Core and allocator  
IDE: Unify umk Console and ide Console  
Add CodeFolding to CodeEditor  
Add reference: JsonRPC MT  
Database option for app templates  
Add timescan of iso8601  
RichTextCtrl and RichEdit clipboar behavior  
ArrayCtrl to show header fields when column (...)  
X11 selection does not work as source  
Alphabetical sorting of documentation topics (...)  
Optimize void IconDes::SaveUndo()  
Option: Keep svn commit message (or history?)  
Skylark Replace '\$'  
Fix SQL threading issue  
ide layout designer could pregenerate dialog (...)  
Multiple configurations for theide  
Add reference example for SQL functions  
Periodic background jobs in skylark  
Add CPU architecture flag(s)  
.sch editor  
Document .ini  
Custom open/close images for TreeCtrl (and (...))  
Header/Footer QTF should have '^' suppressed (...)  
umk should allow release mode with full debug (...)  
X11 'klikac' issue with DropList and ArrayCtrl  
Help popup items should only display corresponding (...)  
Correctly implement MemoryShrink  
Add GraphCtrl/GraphDraw to bazaar  
Memory leak in SysExec  
Should not IsString(Value((int)Null)) return (...)  
TheIDE could highlight errors in indentation  
Consider aliasing SQLIDs  
TURTLE: Prevent 'easy' leaving of page (disconnect)

Write guide on MT GUI programming  
Fix OpenGL/GTK  
Investigate SqlSession overloading rules  
GetTickCount / msec should probably rather (...)  
Sql: PARTIAL\_INDEX\_LIST should support String (...)  
GLDraw problem  
Oci8 memory corruption  
ide: svn cleanup option after doing sync  
CodeEditor should show "something" for characters (...)  
When dialog is moved from one screen to another, (...)  
TabCtrl should be able to Hide tabs  
Check outgoing traffic  
Option/Switch skinning  
UnZip streaming mode (like Zip)  
ide: Gdb\_MI2 Weird issue with long strings  
LineEdit: refactor rectangular selection  
Format/double variant that allows to specify (...)  
ide: Layout designer ctrl\_alt\_down/up not (...)  
RegExp: Change rules for ReplaceGlobal for (...)  
ide: "Apply diff" (like directory comparison (...)  
PDB enums  
Fix thread\_\_ issues  
GLCtrl issue  
Core/SSL: Add a way to choose method (SSLv3, (...)  
GLCtrl on GTK backend is slow and posses (...)  
add jpeg-ls  
Review NetProxy code  
X11 backend has problems with compiz  
Fix cinnamon issues...  
Random crashes in linux  
Add win32 clang  
Remove hand icon from calendar  
Windows 8/7/Vista? menuitem style extension (...)  
IDE - File open dialog (FileSel) should use (...)

Response files issue  
Copy spellchecker files to website  
Synchronize controls after SetValue  
Switching menu bar item is potentially slow (...)  
It should be possible to define text of RichTextCtrl (...)  
Add "witz" highlight to IDE  
ide: DIFF syntax highlighting problem with (...)  
Turtle - FileSelector undefined  
ide: CdbHexView SetTotal should respect Win64  
ArrayCtrl ColumnCtrl  
Add bgp  
TextCtrl: UndoBuffer limit, consider compression (...)  
Check MI2  
jsonrpc seems to have problem with Null Date  
ide: Replace in block shows progress indicator (...)  
ide: Check theide CPU activity while building  
LZ4Decompress can crash if input file is (...)  
Investigate issue of second loop in pdb debugger  
If package contains following packages "Skylark" (...)  
RichEdit::Print() fails when RichEdit is (...)  
UWord to disable Save tool bar button after (...)  
cpp: Resolve issue with iml/lay/sch  
cpp: .sch could allow #include  
InstallPanicMessageBox() available to program  
RichEdit: What is wrong with this code?  
SelectDirButton consider Append option  
Content-ID header issue with HttpRequest  
cpp: When adding (empty, or .cpp) file to (...)  
Improve PDB debugger  
Sometimes stop debuggin by button crash ide (...)  
ide: Log (e.g.) should be reloaded when activating (...)  
ide/cpp/u++: Check why in linux, it consumes (...)  
cpp: Resolve specific declaration  
Failure "[INSTALL\_PARSE\_FAILED\_INCONSISTENT\_CERTIFICATES]" (...)

**Android builder should look for deleted files**
